Community of Love

The Trinity is a mystery that we are to experience with our hearts, not with our heads. It is not a puzzle or a riddle that we are expected to answer or solve. The more we contemplate & pray about the reality & presence of the Trinity in our lives, the more of itself will be revealed to us. Through the Trinity, God creates and loves us, Jesus liberates & saves us and the Spirit encourages & strengthens us. The Trinity is a community of love & life that we are invited to be part of & share in. On a daily basis, we are often presented with news of violence, segregation & building walls. There is the reality of individuals & indeed some countries speaking about & defending their rights at the expense of dialogue & cooperation with other nations. People of different religions in the same country are often not only disagreeing with each other, they are actively fighting each other. The Trinity offers us a model of sharing, belonging and community. It also challenges our individualism & our demand that our rights be met at all times. The Trinity asks us to be mindful our responsibilities to those around us in our families, our neighbourhood & our parish community. In the Christian tradition, we begin our prayers by making the sign of the cross & calling on the power & presence of the Trinity. We deliberately and consciously ask the Trinity to be part of our prayer and our daily lives. - **Michael Moore OMI**
