## POINTS TO PONDER

***Each of the Apostles was personally called and chosen by Jesus after much prayer and discernment. He knew their strengths, talents, qualities and gifts and he also knew their weaknesses, failings and struggles. AND He still called them. He formed them through His own witness of life – how He lived and prayed, assuring them He would accompany them in Spirit by sending them forth in His name. Jesus sent them out together. He knew they would lean on each other and find support and encouragement as they worked together. How much we need community in our own lives – we are not lone rangers as we seek to make Jesus' kingdom present in the world. Let us thank God for the people He has placed alongside on the journey through this life to heaven***

***Jesus was very clear about what He was calling the Apostles to do and they drove out demons and Miraculously healed many who were sick. Their obedience, trust and surrender bore fruit. They were able to touch many people on their journey in Jesus name. If we discern the path that Jesus wants us to follow and we take action, He will bless it. But it takes time to create Space for Him to reveal His plan, and discernment to intuit the quiet voice of Jesus making known how and where he longs to mission alongside us. Let us ask Jesus "What can I do for you today and listen in stillness for His answer. LISA Small.***
